

The diagram illustrates a control loop. At the top is a light red rectangular block labeled "Controller". At the bottom is a light purple rectangular block labeled "Environment". The "Controller" block has a rectangular notch in its bottom center, and the "Environment" block has a corresponding rectangular protrusion in its top center. These two components are connected by three vertical double-headed arrows, indicating bidirectional communication. One arrow is on the left, one is in the center, and one is on the right.
